Video Room Documentation:  
How to remove “Demo Mode” or tape icons from the camera

Does your screen look like this? Or are their animations appearing on your screen? Follow these steps to get rid of the unwanted graphics:

1. Hit the “menu” button on the back of the camera. Use the wheel to navigate the screen. The menu button is above the wheel. The wheel is where the thumb is on the camera.)
2. Using the wheel to navigate up or down the menu. Scroll down to “DISPLAY SET UP” and push the middle of the wheel to select it.
3. Scroll down to “TV SCREEN” and push the middle of the wheel to select it. Then select “OFF”

4. After you’ve turned off the “TV SCREEN” display make sure that “DEMO MODE” is also selected to “OFF.” If it is displaying “ON” select it with the wheel and then select “OFF”
5. Once finished the monitor in the video room should no longer display tape icons, animations, or time code. To turn off the menu, hit the “menu” button above the wheel or scroll down to and select “RETURN” and then select “CLOSE”
